SENATE

SENATE BILL NO. 843

INTRODUCED BY **SENATOR JOSEPH VICTOR G. EJERCITO**

EXPLANATORY NOTE

This bill seeks to grant tax exemption on allowances and benefits granted to public school teachers. Undoubtedly, there is a great demand now for public school teachers in the rural areas especially considering the shortage brought about lately by the exodus of teachers for overseas employment. However, the difficulties of life in the rural areas, such as in transportation, lodging or insurgency problem, to mention only a few, have discouraged teachers to be employed there.

Thus, it is the sincere belief of the undersigned that with this privilege of tax exemption on salary, more new teachers will be encouraged to accept teaching jobs in remote areas, where usually vacancy of temporary nature exists. This is because public school teachers in this category either will get an equal take home pay or a regular public school teacher may even get more than due to the savings they get from being tax exempt.

This bill will also encourage teachers to opt to stay in the public school system to enhance the teaching-learning process. It cannot be ignored that the tax exemption on the income of teachers will result in extra money for them to spare for their other needs.

In view of the foregoing, approval of this bill is urgently sought.
